

Results to the Cimarron Parkway Recreation Facility Survey

Question 1: In your opinion, are the three (3) tennis courts at Highland Knolls Facility a sufficient amount of courts for Memorial Parkway? 305 People Responded: 211 Yes, 17 No, 77 No Opinion

Question 2: What activities would you like to have at the Cimarron Parkway Recreational Area?

Question 3: Have you or your family ever played Tennis on the Tennis Courts at Cimarron Parkway?

Additional Comments:

Outdoor movie screen
ADA accessible ramp at the office to the clubhouse
batting cage
Out of the 13 years I have lived here, I have rarely seen the Tennis courts used.
Lots of shaded areas, no wood chip or tire pieces for the surface
If you take away the tennis courts on Cimarron at least redo the ones on Highland Knolls, which are the ones we play on. All of the tennis courts are horrible!
Have some sort of indoor lounge/hangout space
It would be nice to have an opening there to get to the path behind there
bocce ball court for adults and tables that have chess boards etc printed on them. Not sure about safety but grills for picnic area would be useful.
Increase police presence in neighborhood
I chose the walking track because I am over 70 and would like a safe walking path
leave it as is..
No need for walking path, there is one along Mason Creek
To far, won't use.
Having a safe, nearby area for the young families in our community to utilize will be a great amenity to offer this older neighborhood.
I would like to see MP become a gated community, although I doubt that can become a reality. More security.

remove those courts altogether. not enough people use them! we do, however have a lot of younger families with young children moving in. our demographics are changing. we're the only neighborhood without a playground. doesnt make sense.

Trees for shade/or shade structures

Horse shoe pits

Pickle Ball court

I see things like tire swings, swingsets, exercise equipment, or even a small ziplines and generally more summer camp style shaded activities as much more age varied usable and less expensive than playgrounds or splash pads both in initial cost and ease of maintenance. Thank you for running this survey!

Dog park area!!!

Extended pool service & hours. Adult swim, excercise beyond short summer season.

Having a sturdy fence along Cimarron. If putting in a Kids playground (with rubber not mulch), having it enclosed on at least 3 sides helps parents not fear their kid will run out into traffic onto the busy street. Also planting some shade trees will help with the Texas heat.

Havent paid attention, sorry

We not play any tennis or swing and other we are too old for it and paid too high fee

Keep pool open longer.

I don't think anything new is needed

Dog friendly area, with water feature or splash pad for dogs.

I prefer playing tennis at Cimarron as there is too much activity and limited parking at Highland Knolls.

I'm a runner but I don't think a walking track/path would be a good use of funds. I don't think it would get a lot of use with George Bush Park so close. I think the site is better used as a public park where families can gather.

water classes for seniors

Maintiain Neighborhood sidewalks and add where there are none.

Advocate and rally to have a traffic light or bring back the Stop sign at Westgreen and Park Royale Drive. It is dangerous to cross, cars tend to run fast.

Yoga classes, pilates

Security, Parking on the road

Neighborhood Watch, Sign Regulations

Tread Mills are needed. Tread Mills are needed, Tread Mills are needed.

Mor3 Bingo/Pizza nights.

none that I can think of

The area needs some up keep. We noticed at the last party we attended there were broken chairs and the covered area looked old. The pool itself smelled musty.

Get a new company that handles lifeguards who don't do the job so that teenagers don't take over the pools our family does not use the pool for that reason because there is no accountability and teens ruin it for us and yet I have to pay for it

I like the idea of a nice playground for our children and a pavilion area for picnics. It is something the entire Memorial Parkway Community can Benefit from.
It is nice to have the tennis courts but it probably benefits a very small percentage of people living in the community.

Save homeowners money by not wasting it on needless items.

Dog park

The splash pad would really add value to our homes.

A keyfab access gym/weight room for MP Homeowners would be awesome.

Anything that would encourage family time and community unity would be wonderful.

Get someone that knows how to work with a budget. We pay enough in HOA for this to already be done.

The playground and a small covered pavilion would be nice..

A fenced in dog park

Eliminate courts, all or some

I think families are too busy with all the activities children are involved with school that the tennis courts really do not get used as often especially 7 courts. I would rather see an area where residents could use for picnics with the covered area and I think the walking path with benches along the way would be a good addition to the neighborhood versus spending so much for tennis courts that are rarely used. It would not be eliminating all the tennis courts and the ones that enjoy playing would still have access. Adding those features would enhance the participation of more of the residence.

it would be nice to have descriptions for the options listed above (ie what kind of adult equipment, how long of a walking path/trail)

Have a vendor sale once in a while.

I think a splash-pad/picnic area would be huge attraction for home buyers/sellers... keeping us up with the newer neighborhoods somewhat. I am not one for spending frivolous money, but it's got my vote.

I believe what I have checked is a great start. Against Splash.

Re "Walking Track/Path": Seems like this is totally redundant with the walking and bike trail that goes along the bayou behind the clubhouse. Other items I'm a bit ambivalent to, but this one would be a complete waste of money in my opinion.

turn sprinklers on during the middle of night instead of early morning so I dont drive my clean car through the dirty water.

Neighborhood basketball/ flag football/ soccer games?

Make over the pool and add in a waterslide (s)

2 additional picnic tables. The open space is nice and we shouldn't crowd it with other structures, furniture (outside of the requested playground of course).

Have pool hours during the week in August after school begins. Better wheelchair access to the clubhouse. Everything else is working well.

I'm not voting for a playground or any play area -although it sounds like a great idea. But when driving past other neighborhoods' playgrounds children are rarely seen playing. So lack of interest does not make a wise choice of dollars spent.

Whatever is done, please make sure shade, and cooling down the area are considered. Misters, coolers, etc. People avoid outdoor activities due to the heat. As it is hot here 10 months out of the year, I think comfort should be an additional focus. Also, whatever is done, build into the cost a monthly "focus" campaign to keep the communities eyes and memories on the area. Some cursory research on "best community facilities" seem to show a lot of indoor pools. I am not advocating for that, but that should be kept in mind too.

Think big or not at all. Playground equipment is not cheap. \$45k on a playground in lieu of the tennis courts is nothing. Spending more money on amenities that will draw families into the community is money well spent. All my kids are grown and moved out.

I never see the Highland Knolls playground used and there are plenty of walking paths. To me, all the suggestions above would be a waste of money.
I wish I had a good suggestion - maybe just turn it into grass.

If Play ground equipment installed, please have it covered.

Regular Senior Activities

Improve gate connection to adjacent county hike/bike trail along with an actual connecting walk path so one doesn't have to walk thru weeds, etc.

My wife and I are in our sixties. I am disabled. Hope you get a majority opinion that provides a solution to the Cimarron Parkway Recreation area. I don't feel we should cast a vote in this matter.

Update the playground at Highland Knolls, also.

Great ideas, but.....cant believe how much money they are costing us. Leave it like it is and cost us nothing. HOA dues will go up up. Like to hear your response.

I feel that the clubhouse desperately needs cosmetic updating. There are a sufficient number of tennis courts but they need to be maintained better (replace nets, power wash the courts). The same goes for the basketball courts. I think another basketball court would also be beneficial, the Highland Knolls court is always full.

Please Clean the Playground Equipment on Highland Knolls.

Actually used tennis court 20 years ago.

The tennis courts on Highland Knolls are really used for basketball so maybe those could be better equipped for that. The splash pad would be a great thing for our community to have. There are many little ones in our neighborhood.

Roller skating/scooter track path. The streets and sidewalks are too bumpy and busy.

We've owned the home for about 18 months and I didn't know there was a rec center.

The pool is fine as is - any real need for existing tennis courts- do u have any stats on usage do more than a couple families benefit? Just let them go if its going to be expensive to refurbish. My preference is for it to Not increase our fees. Bear in mind that unless these facilities are controlled access your creating an easy target for people outside our residential community to have free access to equipment and such since that area is so accessible to the public walking trails along the waterway.

Three (3) Tennis courts are sufficient if they are kept in good condition and if the people that play basketball respect the rules and keep it clean. The last time I went to the Highland Knolls tennis court it was really dirty, full of trash from the basketball court players. In my opinion, I do not want to pay a higher maintenance fee.

Exercising equipment

heater for the Cimarron pool

Remove the courts and replace with splash pad.

More playground equipment
